Community College of Rhode Island Auditorium
1 John H. Chafee Boulevard, Newport

An Original Play by Ana Bess Moyer Bell

Commissioned by Trinity Repertory Company, Act II follows Sam, recently released from an inpatient addiction treatment program as we pull up a seat beside her in outpatient group therapy.

Through the stories that unfold inside the group, we're exposed to the successes of recovery and the heartbreak of relapse and find the intimate space that exists between therapist and patient, patient and peer, and patient and disease.

*Play runs 60 minutes, followed by a 20-minute talk-back with the playwright and cast.
Cast members are professional actors with a direct personal experience with addiction.*
