

Washington County has a suicide rate of 10.1 – the highest in Rhode Island
From 2010 to 2014, there were a total of 74 suicides in the county

Like CPR,
QPR is a
simple process
anyone can be
trained to use
to help save the
life of someone
in crisis

QPR

A Free, Evidence-Based Suicide Prevention Training

Ask a Question, Save a Life

Learn how to recognize
the warning signs of
suicide and how to

Question

someone about
potential suicidal
thoughts

Persuade

them to seek help and

Refer

them for professional
assistance

Take this 90-Minute training and make a difference in the
life of someone you might know!
