

GAMBLING make you feel like you LOST EVERYTHING?

THERE IS HOPE.

When gambling gets out of control, it can cause us to lose more than money. Our family, friends, health, job, education, future plans, they can get lost too.

BUT THERE IS HOPE.

If you're seeking help and support for Compulsive Gambling, please join us!

Each week, Holy Trinity Episcopal Church hosts the only East Bay Gamblers' Meeting, moderated by a facilitator. This closed group meeting is for those directly affected by gambling issues.

The Gamblers' Meeting is a group of men and women sharing their experience, strength and hope with each other to address their common problem and help others recover from compulsive gambling. This group is not allied with any denomination, politics, organization or institution.

If you would like more information about our group, please call us at 401.624.4759.
