

## Join Us for a Workshop on How Parents Can Help Create a Safe Home

We invite parents to attend a **FREE** Safe Homes Workshop to encourage talking about alcohol with your child and other parents.

Through the Safe Homes initiative, parents can develop strategies to establish a clear "No Use" message and secure an environment free of alcohol for anyone under age 21.

*Learn 4 clear-cut strategies to protect your kids from alcohol use. You may be surprised at how crucial you are in combating underage drinking!*
