

TOBACCO FREE RI ANNUAL MEMBERSHIP

The mission of Tobacco Free Rhode Island is to educate, mobilize, and protect all Rhode Island residents from the destructive effects of nicotine addiction and commercial tobacco use. We are fighting to reduce tobacco-caused addiction, illness and death across the Ocean State! Tobacco Free RI is YOUR statewide network: 50+ organizations and hundreds of individuals working together to reduce tobacco use in our communities and statewide. *Please join us!*

*Please note: Annual membership of the Network has always been free, but with grant funding shrinking TFRI must become less grant-dependent and more self-reliant. Your financial support will start us down this path to a sustainable long-term future.

YES! We would like to join TFRI as a new network partner. Please accept our organizational membership and commitment to Tobacco Free RI.
